

September 2007

Dear Colleague,

The summer is nearly over and we at Dolav are starting the new season with high expectations.

This month Dolav is participating in the **FACH PACK** exhibition, in Nuremburg, Germany. We will be displaying a wide variety of our standard and customized products. In addition, we will officially launch our new pallet – the **MV 800**.

The exhibition takes place from September 25th thru September 27th - we look forward to seeing you there! Please visit us at **Hall 6, Booth 6-229**.

Over the past few months we have been very busy picking the fruits of our intensified PR activities. In the effort to keep pace with increased orders it is sometimes difficult to keep our service level to what it has been in the past, and we are making great efforts and large investments in order to improve. We will inform you soon about these new developments. .

We thank you for your patience and cooperation.

Our holidays are here again!
