

April 2008

Dear Colleague,

**DOLAV** is pleased to announce that after a long R & D process, optimization and testing, **Type 1000-ACE Box pallet** is ready to meet the public.

**New**

This premium line box pallet was specifically designed with hygiene and durability in mind. Intended to be the perfect answer to the needs of the food industry where hygiene standards are especially rigorous, the 1000-ACE has all of Dolav's characteristic qualities of strength and durability, as well as the following options:

- 3 integrated injected runners
- Rounded interior corners
- 3 lower deck options – 3 runners, 2 runners, or 9 feet and no runners.
- A variety of colours for easy sorting and identification:

Blue

Light Gray

Yellow

Green

Other colours are available for orders of over 312 units.

You can find the new brochure, PDF format, attached to this document

**First exposure will take place at Interpack, this month  
Please visit us at our booth at Interpack, Düsseldorf on the 24-30, April 2008**

Yours sincerely,
